

Patient Involvement and Communication Training for Researchers

Monday 11th September 2017, Chesterfield

Hayfield House, Durrant Street, Chesterfield, S41 7ST

Would you like to know more about the value of involving patients
in your research?

Have you thought about the difference between involvement,
engagement and participation?

Do you wonder what's the most appropriate and valuable
involvement activity for your work?

Have you struggled to communicate with audiences other than
scientists in the past?

**For help and guidance on these issues and more, sign
up to our Patient Involvement and Communication
training day!**

- Half day training course (11am–3pm)
- Open to any researcher or centre staff funded by Arthritis Research UK
- Based on a first come first serve basis

Please contact patientinsight@arthritisresearchuk.org to sign up or for more info.
